SMITH GILBERT GARDENS

An exciting new experiential facet of Smith-Gilbert Gardens will be unveiled on March 10, 2012 at 10am. The Gather 'n' Grow vegetable garden will consist of a demonstration area, small plots in raised beds for rental by families, and various interactive elements scattered throughout the site.

Our purpose is not in the community garden realm, but rather in the education and exposure of children to the process of growing plants in combination with an unfettered enjoyment of the out-of-doors. We expect happy hearts in tandem with dirty hands. We anticipate that young minds will gain an understanding that vegetables actually originate in soil and sun before finding their way to the grocer's shelves.

The mission of the SGG Gather 'n Grow Garden is to create a special place for people of all ages to explore sustainable, responsible gardening. This innovative area will provide horticultural experiences through creative and imaginative play while encouraging awareness of the natural world. Please visit our website, www.smithgilbertgardens.com for more details. We will welcome sign up for participation beginning January 3rd, 2012!

KIDZART: DISCOVER!

The "language" of art begins with the recognition of lines and shapes. We show preschoolers how these lines and shapes can fit together to create a complete drawing. Then we introduce them to the tools to do it for themselves. Much of KidzArt: Discover! centers around teaching students to slow down, to focus, and to see—perhaps for the first time—how the world around them is put together. Students will create masterpieces using two- and three-dimensional media. This is not a parent participation class. Join anytime during a session (fee will be pro-rated). **Materials:** All materials are included. **Attire:** Wear old/play clothes. **Instructor:** KidzArt. **Location:** Ben Robertson Community Center.

KIDZART: CONNECT!

Embark on a virtual journey to explore the visual arts. Students will be exposed to a variety of artistic styles and mediums. The elements of brainstorming and more complex forms of problem solving are introduced through an interactive format, and students will become more confident in their attempts at self expression. New projects are introduced every week! The City of Kennesaw Parks & Recreation Department and GOkickball have teamed up to offer a co-ed adult kickball league for adults ages 21. Games are played at Adams Park. GOkickball is centered around having a good time, meeting new people and playing recreational games of kickball. It doesn't matter if you haven't played since elementary school; or if you're a seasoned veteran—all levels are welcome to participate. Registration for the spring season opens in February and league play will begin in March. The season consists of seven regular season games and a league tournament in week eight. The winners of the Kennesaw league will then battle against other league winners from NW Atlanta and vie for the chance to compete in the annual National GOkickball Championship. Register online at www.gokickball.com/atlanta_nw, or e-mail atlanta_nw@gokickball.com for more information.
